## THE MARKET PLACE

We have no doubt whatsoever that the majority of owner-managed establishments are far superior to those that aren't. There are lots of reasons, but mainly the attention to detail, genuine exuberance and passion for the business is apparent to any onlooker. This is unmistakable at The Market Place. Peter and Tim Marriot are father and son who now own and manage the restaurant. Tim is an experienced chef, formerly of Coast, Marco Pierre White's Titanic and a stint at Scott's the renowned fish restaurant. With these glowing credentials behind him, Tim has more than earned his fine pedigree up there with the nation's greats. Like a lover, food must rock your world, if it doesn't don't bother. Market place does so in spades. If classiness and simple, fine food is what you're after, The Market Place will undoubtedly satisfy.

## MIMOSA

In the heart of Mermaid Quay, Mimosa is a stylish bar that puts a very heavy emphasis on quality, locally sourced food. It fits seamlessly into the sleek surroundings of Cardiff Bay and offers those that come by a contemporary and stylish dining, or indeed drinking, experience. The a la carte menu caters for a wide variety of tastes and desires involving everything from gorgeous burgers to fine seafood. In addition to the a la carte menu they offer a wide range of sharer platters, bar snacks, daily specials and amazing Sunday lunches. As for the drink available, well they have a great range of imported beers and a wine list that will surely put a smile between any wine aficionado's lips. Same for cocktail lovers, and we particularly recommend the champagne cocktail list.
